

Animal Hospice & Pet Loss Support Group

Tuesdays, At Partners In Care Hospice

6:00 – 7:30pm, 2075 NE Wyatt

A friendly open-ended drop-in group for (1) those whose animal companions are facing a life-limiting illness; (2) those who have experienced the loss of a cherished animal and (3) those who desire to be supportive of others dealing with various stages of loss and change.

This time together is to honor the bond of our animal companions and the meaning this has in our lives; discover possible answers to “what do I do now?” and explore the interconnectedness of grieving and healing together. This community support group is offered at no cost through **Synergy Animal Hospice** and hosted at Partners In Care.

Please contact Sharen Meyers, LCSW for more information or to register (not required, but appreciated) at 382-5882
